

**Homeroom of the Month—Grade 12**

As well as working and studying hard for their very important upcoming A Level exams. Grade 12 also have some future dates to look forward to. As well as the end of their exams and prom, Grade 12 students have their graduation coming up on the 23rd of June. Graduation is a night where we congratulate the students on the completion of their schooling and wish them luck for the future. This year due to the large number of students graduating we are having the graduation evening in the Primary building. We are all looking forward to it but also feel melancholic towards saying goodbye to such a wonderful bunch of students.

**Subject of the Month -PE**

I can't believe another year of PE is nearly over. It has been a full and exciting year with students participating in different sports and activities during lessons. We started the year with fitness, then moved onto to team games such as basketball, football and volleyball. This year we also had some different sports to try such as Frisbee and Crickball, (a version consisting of rounders, cricket and softball!) . To finish the year we are taking part in athletics and gymnastics. I would like to congratulate the students for turning up each week with a smile and ready to learn. It has been a pleasure ! (Mrs Raines)
