Lessons encourage collaboration, listening skills, stage presence, and creative thinking while helping students develop confidence both on and off the stage. As students grow, they begin to explore characterisation, rehearsal techniques, and responding to direction in greater depth, working together towards an exciting end-of-year performance, to be shared with family and friends. Throughout Simply Theatre's programme, learning remains playful, inclusive, and supportive, with a strong focus on teamwork, respect, and enjoyment of theatre-making.

The school calendar will be fuller than ever with primary school basketball at ISZN this year. From friendlies against schools such as Schaffhausen and Rheintal, to participation in tournaments; there is plenty for both boys and girls.

You can choose to attend the Wednesday and Friday sessions, or just one, depending on availability, with the Friday sessions also welcoming children from the local community, offering ISZN students a wonderful chance to grow their skills and connect with new peers. Students need to make their own way to Alpen on Fridays. Friday trainings will be between 17:30 and 18:30. VOICE OF ISZN

YEAR 7 - 13

MS GRIGG

VOICE of ISZN is a welcoming group for students who enjoy or want to try singing, striving towards high quality and exciting performance opportunities. Rehearsals focus on developing vocal technique, musicianship, ensemble skills, and confident performance in a relaxed and supportive environment. Students will work towards exciting representative performances and festivals throughout the year, including the SGIS Honour Choir Festival in November, where singers will collaborate with students from across Switzerland and beyond. This is a fantastic opportunity to improve as a singer, perform on stage, meet like-minded musicians, and represent ISZN through music, teamwork, and creativity. Previous singing experience is not essential — enthusiasm, commitment, teamwork and a positive attitude are most important.

Students may attend this club on Monday, Tuesday, or both days if they wish. The Drama Production sessions will follow immediately afterward.

FOOTBALL

YEAR 7 - 13 mixed
WITH MR MARK SŪKET - EXTERNAL

Building on last year's success, we are excited to launch another Football CCA at Sportanlage Au. Our coach, Mark Sūket, brings strong experience to the programme: he played semi-professional football in Hungary, coached U17 teams in both Hungary and Basel, has six years of coaching experience, and holds the MLSZ "C" diploma from the Hungarian Football Federation.

With many school fixtures and tournaments taking place between August and December, this CCA is an excellent opportunity for students interested in representing ISZN. It also provides valuable time for players to train together, develop as a team, and prepare for the competitive season. Sessions focus on player development through engaging drills, small-sided games, and tactical activities. Students will strengthen their technical skills, positional understanding, and teamwork.

Whether you hope to join the school team or simply want to improve your game in a supportive environment, this CCA is the ideal place to grow. Students make their own way to Sports Centre Au. Football boots (cleats) are strongly recommended.
